

# Hidria

**HVAC** products and systems

**We create** a pleasant air

# Complete solutions for HVAC systems

Automation, Total Building Control, Intelligent Installations

Air distribution elements

External elements

Air volume control units

Sound attenuators

Fans

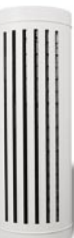

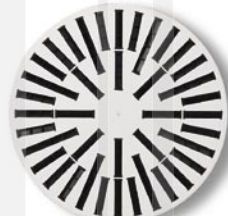

Fire and smoke dampers

Clean room technology

Ceiling cassette units

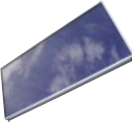

**Easy, smart and user friendly**

# Systems

Air handling units	
Chillers	
Fan coils	
Floor convectors	
Radiator convectors	
Ventilated ceilings	
Thermosolar and photovoltaic sets	
Industrial fan heaters	
Heat exchangers	

## A Wide and Complete Range of Products

### Air Distribution Elements

- Ventilation grilles and valves
- Ceiling circular and square diffusers
- Swirl and variable swirl diffusers
- Slot diffusers and duct diffusers
- Air displacement units
- Jet nozzles

### External elements

- Protection louvres
- Air towers

### Air volume control units

- Overpressure dampers
- Volume control dampers
- Throttling, shut-off and non-return dampers
- Mechanical and electronic volume controllers

### Sound Attenuators

- Square, circular and inter-room sound attenuators
- Acoustic louvres

### Fans

- In-line rectangular fans
- Radial fans
- Roof fans
- Heat and smoke extract fans

### Fire Dampers

- Fire dampers and valves
- Smoke dampers

### Hepa Filter Units

- Duct pre-filter units
- Hepa filter units (duct, wall and ceiling units)
- Supply air ceilings

### Convactor Units

- Fan coil units Climmy 4
- Ceiling cassette units Climmy Comfort 2

- Floor convectors
- Radiator convectors
- Air curtains
- Industrial fan-heaters UniKal

### Air Handling Units (1000 m<sup>3</sup>/h up to 100.000 m<sup>3</sup>/h)

- Air handling units Klimair2
  - Indoor and outdoor units
  - Swimming pool air handling units
  - Hygienic grade air handling units
- Air handling units Optima
- Ceiling air handling units KSM
- Air handling units CompAir2
- Air handling units with adiabatic cooling

### Chillers

- Air cooled liquid chillers
- Water cooled liquid chillers
- Split liquid chillers
- Compressor-condensing units
- Air cooled condensers
- Driers

### Ventilated Ceilings for Large Kitchens

- Ventilated ceilings
- Jet stream extractors
- UV-C(lean) system

### Heat exchangers

- Heat exchangers suitable for air handling units
- Heat exchangers suitable for duct installation
- Water and steam heating coils, water air cooling coils, evaporating coils for cooling gases (R407c, R410a,...)

### Solar Systems

- Thermosolar sets
- Photovoltaic sets

Software

for calculation

and product selection

**We create** comfortable, pleasant and healthy indoor air for all kinds of buildings and for all kinds of interiors

**High efficiency**

**Aesthetics**

**Custom tailored solutions**

**feel the**  
freshness  
energy  
warmth  
purity  
comfort

**Innovation**  
combined  
with  
tradition

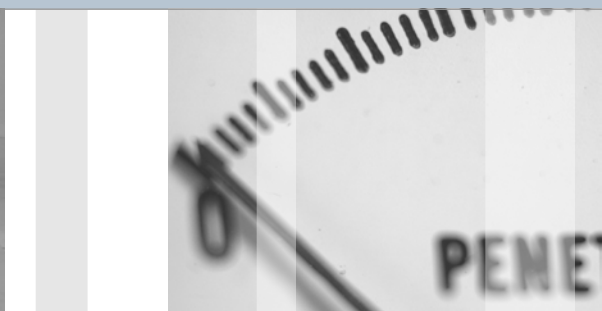

**Innovative solutions**  
**Flexibility**  
**Reliability**

- Individual creativity within team work
- Creating innovative products and solutions
- Tested and guaranteed quality and functionality

**Hidria Institute Klima**
